FY2008

The Group merged the business operations of PG Communications Pte Ltd ("PG") and Alstra Pacific Pte Ltd ("Alstra") in January 2008 as the business operations of each of PG and Alstra are similar. PG provides international voice communication services to pre-paid and post-paid customers in

Singapore and offers value added services such as IPPBX, virtual roaming, callback, calling cards and virtual office. Alstra provides hosted solutions and services to wholesale customers and virtual telecommunications operators. The merger eliminated duplicate infrastructure and reduced the operation costs of the telecommunication services business of the Group.

In April 2008, the Company became aware that Realm Energy Sdn Bhd ("RESB") was unable to fulfil its obligations under an outsourcing agreement which was entered into by the Company with RESB on 6 August 2007 (the "Outsourcing Agreement"). Pursuant to the said agreement, the Company was appointed as RESB's exclusive agent to provide and supply all the necessary products, equipment and facilities to RESB for the installation of last-mile broadband internet connectivity otherwise known as Broadband over Power-line ("BPL") using Power-line Communications ("PLC") technology (the "Outsourcing Agreement"). After several months of negotiations with RESB and discussions with the suppliers, the Company terminated the Outsourcing Agreement and delegated PG Communications Sdn Bhd ("PGSB") to assume the business that RESB intended to engage in.

FY2009

In January 2009, PGSB started to provide BPL High Speed Internet Access ("HSIA") to customers in Malaysia. BPL HSIA is a cost effective and innovative last-mile solution that utilises existing power infrastructure to deliver internet connectivity to every power socket at speed of up to 205 Mbps.

On 7 April 2009, the Group disposed its 50% equity interest in Ramenten Convention Centre Sdn Bhd for a nominal cash consideration of RM1 to an unrelated investor as it had been incurring losses in the past few years and had a negative book value of RM0.2 million.

On 26 November 2009, the warrants, which were issued in conjunction with a rights issue of the Company undertaken in FY2007, expired.

FY2010

On 7 April 2010, the Company announced that it had entered into separate placement agreements with Messrs Chan Sing En, Lee Chai Huat and Ronald Menon pursuant to which the said persons subscribed for an aggregate of 100,000,000 new Shares at a price of S\$0.0164 for each new Share. The amount of the gross proceeds raised by the Company from the said placement was S\$1.64 million and it was completed on 5 May 2010.

On 12 November 2010, the Company announced that it had incorporated a new company in Singapore known as Ideal Forex Pte. Ltd. The Company intends to use this subsidiary for the business of providing online (internet) foreign exchange trading brokerage services to Singapore and overseas retail customers. The Company expects this business to commence in the first half of 2011.

On 8 December 2010, the Company announced that its wholly owned subsidiary, PG, had entered into an agreement with Trusling Pte Ltd ("Trusling") for the sale of the entire issued and paid-up share capital of Alstra to Trusling at a cash consideration of S\$30,000. As at the Latest Practicable Date, the said transaction has been completed.

On 31 December 2010, the Company announced that its wholly-owned subsidiary, PG, has exited from the telecommunications services business of the Group and operations has ceased with effect from 31 December 2010. The telecommunications services business of the Group in Malaysia was not be affected by this decision and continues to be in operation. PG Communications Sdn. Bhd., ("PGMY"), a wholly owned subsidiary of PG, will continue to offer a suite of telecommunications services, such as discounted international calls, VoIP, prepaid calling cards, Virtual Roam, Call Shops, Virtual Office, Callback and Virtual Operator services, to its customers in Malaysia. The Company and PGMY believe that the Malaysian telecommunication market, especially the HSIA sector remains underserved and is an opportunity for PGMY to concentrate on.

- (2) For calculation of earnings/losses per Share after the Placement, it is assumed that:-
- the size of the Placement is 215,000,000 new Shares; and
 - the Placement Shares have been issued at the beginning of each financial year and no income contribution from the proceeds of the new issue has been taken into consideration.

3. In respect of -

- each financial year (being one of the 3 most recent completed financial years) for which financial statements have been published; and**
- any subsequent period for which interim financial statements have been published,**

provide information regarding any significant factor, including any unusual or infrequent event or new development, which materially affected profit or loss before tax of the relevant entity or, if it is the holding company or holding entity of a group, of the group, and indicate the extent to which such profit or loss before tax of the relevant entity or the group, as the case may be, was so affected. FY2008 vs FY2007

In FY2008, turnover for the Group fell by 32.3% to S\$4.9 million compared to S\$7.2 million in FY2007. Sales from the Group's telecommunication business fell by 42.3% to S\$2.5 million from S\$4.4 million in FY2007 while the proceeds from the sale of

investments held for trading fell marginally to S\$2.1 million from S\$2.7 million in FY2007.

The Group recorded a net loss of S\$14.7 million in FY2008. The decline of the global financial market had greatly impaired on the Group's investments held for trading with a S\$9.8 million unrealised loss arising from mark-to-market fair value adjustments. Such unrealised loss represented approximately 66.7% of the Group's net loss in FY2008.

The Group's administrative expenses increased by 41.0% to S\$2.0 million from S\$1.4 million in FY2007, due to the non-cash accounting for cost of share options granted to executives and directors of the Group. There was a modest increase in the staff costs for FY2008 due to the expansion of the Group's Malaysian telecommunications operations.

The working capital ratio of the Group as at 31 December 2008 was 2.7 times (2007: 5.0 times) with current assets and current liabilities of S\$15.2 million (2007: S\$29.4 million) and S\$5.5 million (2007: S\$5.8 million) respectively. The non-current liability to equity ratio was 7.6% (2007: 5.7%).

FY2009 vs FY2008

The turnover in FY2009 was S\$15.7 million compared to S\$4.9 million in FY2008, an increase of 222.5%. The proceeds from the sale of marketable securities of S\$14.8 million accounted for 94.2% of the Group's turnover in FY2009. The balance of the Group's turnover was generated by its subsidiaries in the telecommunication sector. Sales from the said sector decreased by S\$1.7 million as compared to FY2008.

Sales proceeds from investments held for trading increased as the Group took profit when the stock markets recovered in FY2009. Sales from the telecommunication business fell as a result of intense competition in the pre-paid calling cards business.

The gross profit realised from the sale of marketable securities amounted to S\$5.4 million in FY2009 (FY2008: gross loss of S\$0.7 million).

Other income in FY2009 included an unrealised gain of S\$7.8 million due to fair value adjustments in investments held for trading at the end of FY2009 (FY2008: unrealised loss of S\$9.8 million).

Administrative cost decreased by 17.4% from S\$2.0 million in FY2008 to S\$1.6 million in FY2009. This decrease was due to (i) decrease in staff costs during FY2009 and (ii) decrease in non-cash share options expense recognised during FY2009, in respect of the share options granted to the executives and directors of the Group in May 2008.

Other operating cost decreased by 60.0% from S\$12.2 million in FY2008 to S\$4.9 million in FY2009. This decrease was mainly due to (i) absence of fair value loss for FY2009 as compared to a fair value loss of S\$9.4 million in FY2008, (ii) a provision for impairment of S\$0.04 million in unquoted securities in FY2009 as compared to a provision for impairment of S\$0.4 million in FY2008, (iii) a provision for doubtful debts of S\$0.08 million in FY2009 as compared to a provision for doubtful debts of S\$0.8 million in FY2008, but (iv) partly offset by impairment of goodwill amounting to S\$4.1

million in FY2009 as compared to impairment of goodwill amounting to S\$0.4 million in FY2008.

The working capital ratio of the Group as at 31 December 2009 was 5.0 times (2008: 2.7 times) with current assets and current liabilities of S\$25.9 million (2008: S\$15.2 million) and S\$5.2 million (2008: S\$5.5 million) respectively. The non-current liability to equity ratio was 6.0% (2008: 7.6%).

HY2010 vs HY2009

The turnover for the 6 months period ended 30 June 2010 was S\$6.5 million compared to S\$3.5 million in the previous corresponding period, an increase of 86.0%. Proceeds from the sale of investments held for trading of S\$6.2 million accounted for 95.4% of the Group's turnover for the first 6 months of 2010. The balance of the Group's turnover of S\$0.3 million was generated by its subsidiaries in the telecommunication sector, PG Communications Pte Ltd and PG Communications Sdn Bhd. Sales volume from the telecommunication sector decreased by 50.0% as compared to the same period last year, due to intense competition in the telecommunication business.

The volatility in the financial and stock markets had depressed the margin from sale of investments held for trading. The Group realised a loss of S\$0.2 million on the sale of investment held for trading. However, unrealised gain of S\$0.6 million due to fair value adjustments in investments held for trading was recorded as other income for the period. In aggregate, investments held for trading contributed a net gain of S\$0.4 million for the period.

The operating, administrative and marketing and distribution costs decreased by 21.2% from S\$1.26 million to S\$0.99 million. The decrease was mainly due to absence of share option expenses for the period. Share option expenses in the previous corresponding period was S\$0.22 million.

There was no finance income in HY2010.

The finance costs increased to S\$0.026 million in HY2010. In HY2009, the finance costs was S\$0.003 million.

Cash and cash equivalents increased to S\$0.24 million as at the end of HY2010. Cash and cash equivalents were S\$0.1 million at the end of FY2009.

The other receivables and prepayment decreased from S\$2.7 million at the end of FY2009 to S\$0.7 million. S\$2.0 million of the receivables and prepayments represented the sales proceed from the sale of investment held for trading at the end of FY2009. This amount was received in early 2010.

Other payables decreased from S\$4.4 million at the end of FY2009 to S\$2.6 million at the end of HY2010. S\$2.0 million of other payables represented unsettled purchase of investments held for trading at the end of FY2009. This amount was settled in early 2010.

The current assets and current liabilities stood at S\$25.4 million and S\$3.6 million respectively. The current ratio of the Group improved to 7.7 times (current ratio as at the end of FY2009 was 5.01 times).

The non-current liability and the total equity of the Group stood at S\$2.1 million and S\$36.7 million respectively. The non-current liability to equity ratio is 5.6% at the end of HY2010 (5.6% as at the end of FY2009).
