

PG Communications Pte Ltd launches P680, a 1-Step World Call Back Phone, in CommunicAsia 2007

Singapore – June 18th, 2007. PG Communications Pte Ltd (“PG”), a wholly-owned subsidiary of Singapore Stock Exchange (“SGX”) mainboard listed company, Inno-Pacific Holdings Ltd, today announced the introduction of an innovative 1-Step World Call Back Phone – the P680 at The Singapore Expo, Hall 2, Booth 2K2-08.

The P680 is a unique 1-Step World Call Back Phone developed by PG for the global market. Simply insert your SIM card anywhere in the world and you can make discounted international calls to over 200 destinations worldwide. It uses callback to connect international calls through PG’s state of the art hybrid telephony platform. PG’s unique callback software is integrated into the P680 to enable a seamless 1-Step dialing from the keypad directly or from the P680 phone book. The P680 is fully supported with a Self-Care Web portal for online Call Records, Account Maintenance and Credit Recharge.

PG is seeking interested agents, distributors and resellers worldwide to market this innovative phone to enable users all over the world to enjoy great discounted international and long distance call charges. Agents, distributors and resellers will also be able to exploit an immense revenue and profit opportunity for the phone and the callback services worldwide.

PG also offer hosted telephony solution among other services.

The P680 is available directly from PG. For enquires regarding the P680 mobile phone and its associated agency and distributorship programs, please contact us at sales@pgcomms.com or call (65) 6223 9888 or visit us at www.pgcomms.com

About PG Communications Pte Ltd
