To : The Shareholders of Inno-Pacific Holdings Ltd

Dear Sir/Madam

1. INTRODUCTION

The Board of Directors of Inno-Pacific Holdings Ltd (the "Company") proposes to implement the following Schemes :-

- (a) the Inno-Pacific ESOS; and
- (b) the Inno-Pacific Performance Share Scheme.

This Circular sets out information relating to, and the reasons for, the proposals.

The approval of the Shareholders for the adoption of the Inno-Pacific ESOS and Inno-Pacific Performance Share Scheme will be sought at the Extraordinary General Meeting ("EGM") of the Company to be held on 29 April 2005 at 10.30 a.m. or immediately after the conclusion of the Annual General Meeting of the Company to be held at 10.00 a.m. on the same day and at the same place.

2. THE INNO-PACIFIC SHARE-BASED INCENTIVE SCHEMES

2.1 Introduction

The Company proposes to implement share-based incentive schemes in order to :-

- (a) foster an ownership culture within the Group to build a stronger identification by the employee with the long-term prosperity of the Company and create value for the Shareholders of the Company;
- (b) motivate Participants to achieve performance targets and a high level of contribution to the Group;

- (c) attract and retain talented key executives and directors of the Group whose contributions are essential to the long-term growth and profitability of the Group;
- (d) attract potential employees with the relevant skills to contribute to the Group; and
- (e) give recognition to the contribution made or to be made by the Non-Executive Directors to the success of the Group.

To achieve the above objectives, the Company seeks to implement the following Schemes:-

- (a) the Inno-Pacific ESOS; and
- (b) the Inno-Pacific Performance Share Scheme.

The provisions of the Schemes take into account the provisions of the Companies Act which allow share options granted to an employee of a company or its related corporation (including any director holding office in an executive capacity) to have validity periods of up to 10 years, and the guidelines issued by the SGX-ST on share option schemes.

The purpose of this Circular is to provide Shareholders with information relating to the Schemes and to seek the approval of Shareholders at the EGM.

The SGX-ST has granted approval in-principle for the listing and quotation of the New Shares to be issued pursuant to the Schemes. Admission of the New Shares to, and quotation of the New Shares on the Main Board of the SGX-ST are in no way reflective of the merits of the Company, the Group or the Schemes.

3. THE INNO-PACIFIC ESOS

The following is a summary of the principal rules of the Inno-Pacific ESOS. The detailed rules of the Inno-Pacific ESOS are set out at Appendix I of this Circular.

3.1 Eligibility

The following persons shall be eligible to participate in the Inno-Pacific ESOS:-

- (a) Group Executives (including Group Executive Directors) who have been employed by the Company for at least one (1) year at the commencement of the Inno-Pacific ESOS, have attained the age of 21 years and who hold such rank as may be designated by the Committee from time to time; and
- (b) Non-Executive Directors who, in the opinion of the Committee, have contributed or will contribute to the success of the Group.

Controlling Shareholders and their associates are not eligible to participate in the Inno-Pacific ESOS.

3.2 Option Entitlements

The selection of a Participant and the number of Shares comprised in Options to be offered to a Participant shall be determined at the absolute discretion of the Committee, who shall take into account criteria such as his rank, job performance, years of service, potential for future development and his contribution to the success and development of the Group.

3.3 Size and Duration of the Inno-Pacific ESOS

The total number of New Shares over which Options may be granted pursuant to the Inno-Pacific ESOS, when added to the number of New Shares issued and issuable in respect of all Options granted thereunder and all Awards granted under the Inno-Pacific Performance Share Scheme and/or under such other share-based incentive schemes of the Company shall not exceed fifteen per cent. (15%) of the issued share capital of the Company on the day preceding the relevant date of grant.

As at the Latest Practicable Date, fifteen per cent. (15%) of the issued capital of the Company is approximately 76,785,115 Shares.

The Inno-Pacific ESOS shall continue in force at the discretion of the Committee, subject to a maximum period of ten (10) years commencing on the date the Inno-Pacific ESOS is adopted by the Company in general meeting, provided always that the Inno-Pacific ESOS may continue beyond the above stipulated period with the approval of Shareholders by ordinary resolution in general meeting and of any relevant authorities which may then be required.

Notwithstanding the expiry or termination of the Inno-Pacific ESOS, any outstanding Options held by Participants prior to such expiry or termination will continue to remain valid.

3.4 Grant of Options

Options may be granted, at the discretion of the Committee, at any time during the period when the Inno-Pacific ESOS is in force.

In the event that an announcement on any matter of an exceptional nature involving unpublished price sensitive information is made, Options may only be granted on or after the second Market Day after the date on which such announcement is released.

An Option may be granted subject to such conditions as may be determined by the Committee in its absolute discretion on the date of grant of that Option.

3.5 Acceptance of Offer

Options are personal to the persons to whom they are granted and may not be transferred, charged, assigned, pledged or otherwise disposed of, in whole or in part, without the prior approval of the Committee. An individual who wishes to accept Options granted to him should do so, by completing, signing and returning the relevant acceptance form accompanied by payment of a nominal consideration of \$1.00, within thirty (30) days from the date of such grant, failing which the offer shall automatically lapse.

3.6 Subscription Price

Subject to adjustments under the Inno-Pacific ESOS, the subscription price for each Share in respect of which an Option is exercisable shall be determined by the Committee, in its absolute discretion, to be either :-

- (a) a price which is equal to the average of the last-dealt price for the Shares on the SGX-ST over the five (5) consecutive Trading Days immediately preceding the date of grant of that Option, as determined by the Committee by reference to the daily official list or any other publication published by the SGX-ST (the "Market Price"), or such higher price as may be determined by the Committee in its absolute discretion; or
- (b) a price which is set at a discount to the Market Price, the quantum of such discount to be determined by the Committee in its absolute discretion, provided that the

maximum discount which may be given in respect of any Option shall not exceed twenty per cent. (20%) of the Market Price in respect of that Option.

The Subscription Price shall, in no event, be less than the nominal value of a Share.

The flexibility to grant Options with discounted subscription prices is intended, *inter alia*, to enable the Group to offer competitive compensation and incentive packages to attract and retain talent, having regard to prevailing market practices for the recruitment and retention of talent. Having the discretion to grant Options at a discount to the Market Price will also make the Company less vulnerable to market sentiments which may affect the price of its Shares and/or stock market volatility at the time that offers of the grant of Options are to be made.

3.7 Exercise of Options

Options with subscription prices which are equal to, or higher than, the Market Price may be exercised at anytime after one (1) year from the date of grant. An Option may be exercised in whole or in part and in accordance with a vesting schedule and the conditions (if any) to be determined by the Committee on the date of grant of the respective Options.

Options with subscription prices which represent a discount to the Market Price may be exercised at any time after two (2) years from the date of grant. An Option may be exercised in whole or in part and in accordance with a vesting schedule and the conditions (if any) to be determined by the Committee on the date of grant of the respective Options.

All Options granted pursuant to the Inno-Pacific ESOS have a life-span of ten (10) years for Options granted to Group Executives and Group Directors while those granted to Non-Executive Directors shall have a life-span of five (5) years.

Shares allotted and issued on the exercise of Options shall be subject to all the provisions of the Articles of Association of the Company, and shall rank *pari passu* in all respects with the then existing issued Shares, save for any dividends, rights, allotments or other distributions for which the record date falls before the date on which the Option is exercised.

Holders of the Shares shall undertake to the Company that they will not sell, realise, dispose of or transfer any part of their shareholdings in the Company for a period of 3 months commencing on the date the Shares are allotted and issued to them on the exercise of Options.

Special provisions relating to the lapsing or earlier exercise of Options apply in certain circumstances, including the following :-

- (a) the Participant ceasing to be in the employment of the Company or the Group or for any reason whatsoever;
- (b) the ill health, injury, disability or death of a Participant;
- (c) the bankruptcy of a Participant;
- (d) the misconduct of a Participant;
- (e) a take-over, winding-up or reconstruction of the Company;
- (f) a compromise or arrangement, proposed for the purposes of, or in connection with, a scheme for the reconstruction of the Company or its amalgamation with another company or companies;
- (g) a members' solvent voluntary winding-up (other than for amalgamation or reconstruction) of the Company; or

- (h) if an order or an effective resolution is passed for the winding-up of the Company on the basis of its insolvency.

4. INNO-PACIFIC PERFORMANCE SHARE SCHEME

The following is a summary of the principal rules of the Inno-Pacific Performance Share Scheme. The detailed rules of the Inno-Pacific Performance Share Scheme are set out in Appendix II of this Circular.

4.1 Eligibility

The following persons, shall be eligible to participate in the Inno-Pacific Performance Share Scheme:-

- (a) Group Executives who have attained the age of 21 years on or before the Commencement Date;
- (b) Group Executive Directors; and
- (c) Non-Executive Directors who, in the opinion of the Committee, have contributed or will contribute to the success of the Group.

Controlling Shareholders and their associates are not eligible to participate in the Inno-Pacific Performance Share Scheme.

4.2 Awards

Awards represent the right of a Participant to receive fully paid Shares free of charge, upon the Participant achieving prescribed performance target(s). Awards are released once the Committee is satisfied that the prescribed performance target(s) have been achieved. There are no vesting periods beyond the performance achievement periods.

The selection of a Participant and the number of Shares which are the subject of each Award to be granted to a Participant in accordance with the Inno-Pacific Performance Share Scheme shall be determined at the absolute discretion of the Committee, which shall take into account criteria such as his rank, job performance, years of service and potential for future development, his contribution to the success and development of the Group and the extent of effort required to achieve the performance target within the performance period.

The Committee shall decide, in relation to each Award to be granted to a Participant :-

- (a) the date on which the Award is to be vested;
- (b) the number of Shares which are the subject of the Award;
- (c) the prescribed performance target(s);
- (d) the performance period during which the prescribed performance target(s) are to be satisfied; and
- (e) the extent to which the Shares under that Award shall be released on the prescribed performance target(s) being satisfied (whether fully or partially) or exceeded, as the case may be, at the end of the prescribed performance period. No Shares under the Award shall be released for the portion of the prescribed performance target(s) that is not satisfied by the Participant at the end of the prescribed performance period.

Awards may be granted at any time in the course of a financial year. An Award letter confirming the Award and specifying, *inter alia*, in relation to the Award, the prescribed performance target(s) and the performance period during which the prescribed performance target(s) are satisfied, will be sent to each Participant as soon as reasonably practicable after the making of an Award.

Special provisions for the vesting and lapsing of Awards apply in certain circumstances, including the following :-

- (1) the termination of the employment of a Participant;
- (2) the ill health, injury, disability or death of a Participant;
- (3) the bankruptcy of a Participant;
- (4) the misconduct of a Participant;
- (5) the Participant, being a Non-Executive Director, ceasing to be a Director of the Company or the relevant subsidiary of the Company for any reason whatsoever; and
- (6) a take-over, winding-up or reconstruction of the Company.

4.3 Size and duration of the Inno-Pacific Performance Share Scheme

The total number of New Shares which may be issued pursuant to Awards granted under the Inno-Pacific Performance Share Scheme, when added to the number of New Shares issued and issuable in respect of all Options granted under the Inno-Pacific ESOS shall not exceed fifteen per cent. (15%) of the issued share capital of the Company on the day preceding the relevant date of Award.

The Inno-Pacific Performance Share Scheme shall continue in force at the discretion of the Committee, subject to a maximum period of ten (10) years commencing on the date the Inno-Pacific Performance Share Scheme is adopted by the Company in general meeting, provided always that the Inno-Pacific Performance Share Scheme may continue beyond the above stipulated period with the approval of Shareholders by ordinary resolution in general meeting and of any relevant authorities which may then be required.

Notwithstanding the expiry or termination of the Inno-Pacific Performance Share Scheme, any Awards made to Participants prior to such expiry or termination will continue to remain valid.

4.4 Operation of the Inno-Pacific Performance Share Scheme

Subject to prevailing legislation and SGX-ST guidelines, the Company will have the flexibility to deliver Shares to Participants upon vesting of their Awards by way of an issue of New Shares, deemed to be fully paid upon their issuance and allotment. The financial effects of the delivery of Shares to Participants upon vesting of the Awards are discussed in Section 9 of this Circular.

New Shares allotted and issued on the release of an Award shall rank in full for all entitlements, including dividends or other distributions declared or recommended in respect of the then existing Shares, the record date for which is on or after the relevant vesting date, and shall in all other respects rank *pari passu* with other existing Shares then in issue.

Holders of the New Shares shall undertake to the Company that they will not sell, realise, dispose of or transfer any part of their shareholdings in the Company for a period of 3 months commencing on the date the New Shares are allotted and issued to them on the release of Awards.

The Committee has the right to make computational adjustments in relation to the set performance target(s) based on the audited results of the Company or the Group, as the case may be, to take into account such factors as the Committee may determine to be relevant, including changes in accounting methods, taxes and extraordinary events, and the right to amend the performance target(s) if the Committee decides that a changed performance target would be a fairer measure of performance.

5. ADJUSTMENTS AND ALTERATIONS UNDER THE SCHEMES

5.1 Variation of Capital

If a variation in the issued ordinary share capital of the Company (whether by way of a capitalisation of profits or reserves or rights issue, reduction, subdivision, consolidation or distribution) shall take place, then:-

- (a) (i) in the case of the Inno-Pacific ESOS, the subscription price for the Shares, the nominal amount, class and/or number of Shares comprised in an Option to the extent unexercised; and
- (ii) in the case of the Inno-Pacific Performance Share Scheme, the nominal amount, class and/or number of Shares which are the subject of an Award to the extent not yet vested; and/or
- (b) the nominal amount, class and/or number of Shares over which future Options may be granted under the Inno-Pacific ESOS or future Awards may be granted under the Inno-Pacific Performance Share Scheme,

shall be adjusted in such manner as the Committee may determine to be appropriate.

The issue of securities as consideration for an acquisition or a private placement of securities or the cancellation of issued Shares purchased or acquired by the Company by way of a market purchase of such Shares undertaken by the Company on the SGX-ST during the period when a share purchase mandate granted by Shareholders (including any renewal of such mandate) is in force, shall not normally be regarded as a circumstance requiring adjustment.

In the case of the Inno-Pacific ESOS, no such adjustment shall be made if as a result, the subscription price shall fall below the nominal amount of a Share.

Any adjustment (except in relation to a capitalisation issue) must be confirmed in writing by the Auditors (acting only as experts and not arbitrators) to be in their opinion, fair and reasonable.

5.2 Modifications or Alterations to the Schemes

Each of the rules of the respective Schemes may be modified and/or altered from time to time by a resolution of the Committee, subject to compliance with the Listing Manual and such other regulatory authorities as may be necessary.

However, no modification or alteration shall adversely affect the rights attached to Options or Awards granted prior to such modification or alteration except with the written consent of such number of Participants under the relevant Scheme who, if they exercised their Options in full or if their Awards were released to them, would thereby become entitled to not less than three-quarters in nominal amount of all the Shares which would be issued upon exercise in full of all outstanding Options or Awards under the relevant Scheme, as the case may be.

No alteration shall be made to the rules of any of the Schemes to the advantage of the holders of the Options or Awards, as the case may be, except with the prior approval of Shareholders in general meeting.

6. DISCLOSURES IN ANNUAL REPORTS

The following disclosures (as applicable) will be made by the Company in its annual report for so long as the Schemes continue in operation :-

 - (ii) the aggregate number of New Shares issued which are comprised in Awards vested during the financial year under review; and
 - (iii) the aggregate number of Shares comprised in Awards which have not been released as at the end of the financial year under review.

7. ROLE AND COMPOSITION OF THE COMMITTEE

The Remuneration Committee (the “RC”) of the Company will be designated as the Committee responsible for the administration of the Schemes, and will comprise Directors as may be nominated by the Board to administer the Schemes.

The RC oversees executive development in the Group with the aim of building capable and committed management teams, through focused management and progressive policies which can attract and retain a pool of talented executives to meet the current and future growth of the Group.

In compliance with the requirements of the Listing Manual, a Participant of the Scheme who is a member of the RC shall not be involved in its deliberations in respect of Options or Awards (as the case may be) to be granted to or held by that member of the RC.

8. RATIONALE FOR THE SCHEMES

By implementing the Schemes, the Company hopes to inculcate in all Participants, a stronger and more lasting sense of identification with the Group. The Schemes will also operate to attract, retain and provide incentive to Participants to encourage greater dedication and loyalty by enabling the Company to give recognition for past contributions and services as well as motivating Participants generally to contribute towards the Group’s long-term prosperity.

The purpose of adopting more than one share plan is to give the Company greater flexibility to align the interests of employees, especially key executives, with those of Shareholders. It is also intended that the Schemes will complement each other in its continuing efforts to reward, retain and motivate employees to achieve better performance. The Schemes will further strengthen the Company’s competitiveness in attracting and retaining employees, especially employees who have the requisite knowledge, technical skills and experience whom the Company believes could contribute to the development and growth of the Group.

Unlike Options granted under the Inno-Pacific ESOS, the Inno-Pacific Performance Share Scheme contemplates the award of fully-paid Shares to executives after the pre-determined performance target(s) has been achieved. The Inno-Pacific Performance Share Scheme is targeted at key executives who are in the best position to drive the growth of the Company through superior performance. The Company believes that with the Inno-Pacific Performance Share Scheme in place, it will be more effective than merely having pure cash bonuses in place to motivate executives to work towards determined goals.

In addition, Awards granted under the Inno-Pacific Performance Share Scheme differ from Options granted under the Inno-Pacific ESOS in that a vesting period is normally imposed for Options granted under the Inno-Pacific ESOS before the Options can be exercised, while such vesting period is not applicable to Awards granted under the Inno-Pacific Performance Share Scheme. A performance target based Award may be granted, for example, on the successful completion of a project and therefore, under the Inno-Pacific Performance Share Scheme, Participants are encouraged to continue serving the Group beyond the achievement date of the pre-determined performance targets. An Option may be granted, for example, as a supplement to the remuneration packages for employees. The Company believes that with both Schemes in place, it will strengthen and enhance the Company's ability in attracting and retaining suitable talents.

The Options and/or Awards given to a particular Participant under the Inno-Pacific ESOS and/or the Inno-Pacific Performance Share Scheme and the proportion of Shares under each Scheme will be determined at the discretion of the Committee, who will take into account factors such as the Participant's capability, scope of responsibility, skill and vulnerability to leaving the employment of the Group. In addition, the Committee will also consider the compensation and/or benefits to be given to the Participant under any or both of the Schemes as well as such other share-based incentive schemes of the Company, if any. As our Group is currently divided into different business units, the Committee may also set specific criteria and performance targets for each of such business unit, taking into account factors such as (i) the Company's and the Group's business goals and directions for each financial year; (ii) the Participant's actual job scope and duties; and (iii) the prevailing economic conditions. In determining the extent of discounts to be given for the Options, one of the considerations which the Committee will take into account will be the improvement in the EPS in each financial year. When deciding on the number of Shares to be awarded under a Scheme to a Participant at any time, the Committee will also take into consideration the number of Shares to be awarded to that Participant under the other Scheme at that time, if any.

The Schemes will complement each other and serve as an additional and flexible incentive tool. The number of New Shares to be issued under both the Schemes and/or such other share-based incentive schemes of the Company will be subject to the maximum limit of 15% of the Company's total issued share capital.

Rationale for participation by Non-Executive Directors

While the Schemes cater principally to Group Executives, it is recognised that there are other persons who make significant contributions to the Group through their close working relationships with the Group, even though they are not employed within the Group. Such persons include the non-executive members of the Company's Board.

Our Non-Executive Directors are persons from different professions and working backgrounds. The Company regards these persons as a valuable resource pool not only for which the Group is able to tap for business contacts and networking but also for their experiences and insights. As it may not always be possible to compensate such persons fully or appropriately solely by way of directors' fees, which currently is the Company's only means of remunerating them, the two Schemes will provide the Company with further means to give recognition to such persons for their special assistance and contribution.

We acknowledge that the contributions by our Non-Executive Directors cannot be measured in the same way as full-time employees of the Group because of the different nature of their contributions and services. The grant of Options and/or the vesting of Awards to them under the respective Schemes are intended only as a token of our Company's appreciation for their work. For the purpose of assessing the contributions of the Non-Executive Directors, the Committee will propose a performance framework comprising mainly non-financial performance measurement criteria such as the extent of involvement and responsibilities shouldered by the Non-Executive Directors within the Board. In addition, the Committee will also consider the scope of advice given, the number of contacts and size of deals which the

Company is able to procure from the contacts and recommendations of the Non-Executive Directors.

The performance of our Non-Executive Directors and hence the number of Options and/or Awards that will eventually be granted and/or vested will be dependent on (i) an evaluation of the criteria stated above; (ii) the financial performance of the Company and the Group as a whole; (iii) the prevailing market conditions at the time of grant and/or Award; and (iv) overall remuneration package of that Non-Executive Director. The Committee may also decide that only Options be granted to our Non-Executive Directors and no Awards shall be made in any financial year or no grant and/or Award may be made at all.

It is envisaged that the offer and grant of Options and/or the vesting of Awards, and hence the number of Shares to be delivered to our Non-Executive Directors based on the formula above will be relatively small, in terms of frequency and numbers. Based on this, our Directors are of the view that the participation by our Non-Executive Directors in the respective Schemes will not compromise their independent status.

9. FINANCIAL EFFECTS OF THE SCHEMES

9.1 Share capital

The Schemes will result in an increase in the Company's issued share capital when the Options are exercised into New Shares and when New Shares are issued to Participants pursuant to the grant of the Awards. This will in turn depend on, *inter alia*, the number of Shares comprised in the Options to be granted and the Awards, the vesting schedules under the Options and the prevailing market price of the Shares on the SGX-ST.

9.2 Net tangible assets

Under the Inno-Pacific ESOS, the issue of New Shares upon the exercise of Options will increase the Company's consolidated NTA by the aggregate exercise price of the New Shares issued. On a per Share basis, the effect is accretive if the exercise price is above the NTA per Share but dilutive otherwise.

As described in Section 9.3 (Costs to the Company) below, the Inno-Pacific Performance Share Scheme will result in a charge to the Company's profit and loss account equal to the fair value at each date of grant and no impact to the consolidated NTA of the Company.

Nonetheless, it should be noted that the delivery of Shares to Participants of the Inno-Pacific Performance Share Scheme is contingent upon the Participants meeting prescribed performance targets and conditions. Accordingly, it would have resulted in significant added value to the Company's consolidated NTA before the Shares are delivered.

9.3 Costs to the Company

Inno-Pacific ESOS

In accordance with the Singapore Financial Reporting Standards ("FRS") which our Company's accounting statements are currently drawn up to, the grant of Options under the Inno-Pacific ESOS will not result in a direct impact on our Company's cashflow as, in contrast with the payment of cash bonuses since no cash outlay would be expended by our Company or our Group at the time of the grant of the Options.

Share options have value because the option to buy a company's share for a fixed price during an extended future time period is a valuable right, even if there are restrictions attached to such an option.

The fair value of an Option is an estimate of the amount that a willing buyer would pay to a willing seller for the Option on the date of the grant. While the Options such as those to be granted under the Inno-Pacific ESOS are non-transferable and not traded on the SGX-ST, the application of such pricing models to Options granted pursuant to the Inno-Pacific ESOS would result in a fair value being attributed to those Options at the time of their grant.

Under the Inno-Pacific ESOS, a nominal consideration of \$1.00 is payable by each Participant for all Options granted to him at the date of the offer. Hence, where the Options are granted at a discount to the fair market value, there would be a cost to the Company, the implications whereof will depend on the number of Options granted and the extent of the discount to the market value of the Shares. It should be noted that the higher the discount to the fair market value, the higher will the cost be to our Company in respect of such Option. Subject as aforesaid, as and when Options are exercised, the cash inflow will add to the NTA of the Company and the share capital base will grow. Where Options are granted with subscription prices that are set at a discount to the market prices for the Shares prevailing at the time of the grant of such Options, the amount of the cash inflow to the Company on the exercise of such Options would be diminished by the quantum of the discount given, as compared with the cash inflow that would have been received by the Company had the Options been granted at the Market Price of the Shares prevailing at the time of the grant.

In accordance with FRS, Options granted under the Inno-Pacific ESOS need to be recognised as an expense. The expense will be based on the fair value of the Options at the date of grant and will be recognised over the vesting period.

Details of the number of the Options pursuant to the Inno-Pacific ESOS, the number of Options exercised and the exercise price (as well as any applicable discounts) will have to be disclosed in our annual report.

Inno-Pacific Performance Share Scheme

In accordance with FRS, Awards granted under the Inno-Pacific Performance Share Scheme need to be recognised as an expense. The expense will be based on the fair value of the Awards at each date of grant and recognised at each financial reporting date of the Company.

Although the Inno-Pacific Performance Share Scheme will have a dilutive impact on the Company's consolidated EPS, it should be noted that the delivery of Shares to Participants of the Inno-Pacific Performance Share Scheme is contingent upon the Participants meeting prescribed performance targets and conditions.

9.5 If a Participant dies and at the date of his death holds any unexercised Option, such Option may, at the discretion of the Committee, be exercised by the duly appointed personal representatives of the Participant :-

- (a) in the case where the death occurs after the first day of the Option Period in respect of such Option, within a period of eighteen (18) months after the date of such cessation of employment or such cessation to be a director, as the case may be, or before the expiry of the Option period in respect of that Option, whichever is earlier, and upon the expiry of such period the Option shall lapse; and

- (a) the expiry of six (6) months thereafter, unless prior to the expiry of such six-month period, at the recommendation of the offeror and with the approvals of the Committee and the SGX-ST, such expiry date is extended to a later date (in either case, being a date falling not later than the expiry of the Option Period relating thereto); or
- (b) the date of expiry of the Option Period relating thereto,

whereupon the Option then remaining unexercised shall lapse and become null and void.

Provided that if during such period, the offeror becomes entitled or bound to exercise rights of compulsory acquisition under the provisions of the Companies Act and, being entitled to do so, gives notice to the Participants that it intends to exercise such rights on a specified date,

Any Option not so exercised shall lapse provided that the rights of acquisition or obligations to acquire shall have been exercised or performed, as the case may be. - 10.5 If in connection with the making of a general offer referred to in Rule 10.1 or the scheme referred to in Rule 10.2 or the winding-up referred to in Rule 10.4, arrangements are made (which are confirmed in writing by the Auditors, acting only as experts and not as arbitrators, to be fair and reasonable) for the compensation of Participants, whether by the continuation of their Options or the payment of cash or the grant of other options or otherwise, a Participant holding an Option, as yet not exercised, may not, at the discretion of the Committee, be permitted to exercise that Option as provided for in this Rule 10.
- 10.6 To the extent that an Option is not exercised within the periods referred to in this Rule 10, it shall lapse and become null and void.

Such notice must be accompanied by a remittance for the Aggregate Subscription Cost in respect of the Shares for which that Option is exercised and any other documentation the Committee may require. An Option shall be deemed to be exercised upon receipt by the Company of the said notice, duly completed, the relevant documentation required by the Committee and the Aggregate Subscription Cost.

"Record Date" means the date fixed by the Company for the purposes of determining entitlements to dividends or other distributions to or rights of holders of Shares.

- 11.8 The Company shall keep available sufficient unissued Shares to satisfy the full exercise of all Options for the time being remaining capable of being exercised.

12. Variation of Capital

- 12.1 If a variation in the issued ordinary share capital of the Company (whether by way of a capitalisation of profits or reserves or rights issue, reduction, subdivision, consolidation, distribution or otherwise) shall take place:-

- (a) the Subscription Price for the Shares, the nominal amount, class and/or number of Shares comprised in an Option to the extent unexercised; and/or
- (b) the nominal amount, class and/or number of Shares over which Options may be granted under the Scheme,

shall be adjusted by the Committee to give each Participant the same proportion of the equity capital of the Company as that to which he was previously entitled and, in doing so, the Committee shall determine at its own discretion the manner in which such adjustment shall be made.

- 12.2 Unless the Committee considers an adjustment to be appropriate:-

- (a) the issue of securities as consideration for an acquisition or a private placement of securities; or

- (b) the cancellation of issued Shares purchased or acquired by the Company by way of a market purchase of such Shares undertaken by the Company on the SGX-ST during the period when a share purchase mandate granted by shareholders of the Company (including any renewal of such mandate) is in force,

shall not normally be regarded as a circumstance requiring adjustment.

12.3 Notwithstanding the provisions of Rule 12.1:

- (a) no such adjustment shall be made:
 - (i) if the Subscription Price shall fall below the nominal amount of a Share and if such adjustment would, but for this paragraph (a), result in the Subscription Price being less than the nominal amount of a Share, the Subscription Price payable shall be the nominal amount of a Share; or
 - (ii) if as a result, the Participant receives a benefit that a Shareholder does not receive; and
 - (iii) unless the Committee after considering all relevant circumstances considers it equitable to do so;
- (b) any determination by the Committee as to whether to make any adjustment and if so, the manner in which such adjustment should be made, must (except in relation to a capitalisation issue) be confirmed in writing by the Auditors (acting only as experts and not as arbitrators) to be in their opinion, fair and reasonable.

12.4 Any increase in the issued share capital of the Company as a consequence of the exercise of the Options issued from time to time by the Company entitling holders thereof to subscribe for new Shares in the capital of the Company (including the exercise of any Options granted pursuant to this Scheme) or through any other share-based incentive schemes implemented by the Company will also not be regarded as a circumstance requiring adjustment.

12.5 Upon any adjustment required to be made pursuant to this Rule 12, the Company shall notify the Participant (or his duly appointed personal representatives where applicable) in writing and deliver to him (or his duly appointed personal representatives where applicable) a statement setting forth the Subscription Price thereafter in effect and the nominal value, class and/or number of Shares thereafter to be issued on the exercise of the Option. Any adjustment shall take effect upon such written notification being given.

13. Administration of the Scheme

13.1 The Scheme shall be administered by the Committee in its absolute discretion with such powers and duties as are conferred on it by the Board, provided that no member of the Committee shall participate in any deliberation or decision in respect of Options granted or to be granted to him.

13.2 The Committee shall have the power, from time to time, to make and vary such rules (not being inconsistent with the Scheme) for the implementation and administration of the Scheme as they think fit including, but not limited to, imposing restrictions on the number of Options that may be exercised within particular sections of the relevant Option Period.

13.3 Any decision of the Committee made pursuant to any provision of the Scheme (other than a matter to be certified by the Auditors) shall be final and binding (including any decisions pertaining to the quantum of discount applicable to an Incentive Option pursuant to Rule 8.2 or to disputes as to the interpretation of the Scheme or any rule, regulation, procedure thereunder or as to any rights under the Scheme).

14. Notices and Annual Report

14.1 Any notice required to be given by a Participant to the Company shall be sent or made to the registered office of the Company or such other addresses as may be notified by the Company to him in writing.

- (d) such other information as may be required by the Listing Manual or the Companies Act.

15. Modifications to the Scheme

15.1 Any or all the provisions of the Scheme may be modified and/or altered at any time and from time to time by resolution of the Committee, except that:

- (a) no modification or alteration shall alter adversely the rights attaching to any Option granted prior to such modification or alteration except with the consent in writing of such number of Participants who, if they exercised their Options in full, would thereby

become entitled to not less than three-quarters in nominal amount of all the Shares which would fall to be allotted upon exercise in full of all outstanding Options;

- (b) any modification or alteration which would be to the advantage of Participants under the Scheme shall be subject to the prior approval of Shareholders in general meeting; and
- (c) no modification or alteration shall be made without due compliance with the Listing Manual, and such other regulatory authorities as may be necessary.

15.2 Notwithstanding anything to the contrary contained in Rule 15.1, the Committee may at any time by resolution (and without other formality, save for the prior approval of the SGX-ST) amend or alter the rules or provisions of the Scheme in any way to the extent necessary to cause the Scheme to comply with any statutory provision or the provision or the regulations of any regulatory or other relevant authority or body (including the SGX-ST).

15.3 Written notice of any modification or alteration made in accordance with this Rule 15 shall be given to all Participants.

16. Terms of employment unaffected

The terms of employment of a Participant (who is a Group Executive) shall not be affected by his participation in the Scheme, which shall neither form part of such terms nor entitle him to take into account such participation in calculating any compensation or damages on the termination of his employment for any reason.

17. Duration of the Scheme

17.1 The Scheme shall continue to be in force at the discretion of the Committee, subject to a maximum period of ten (10) years commencing on the Adoption Date, provided always that the Scheme may continue beyond the above stipulated period with the approval of the Company's Shareholders by ordinary resolution in general meeting and of any relevant authorities which may then be required.

17.2 The Scheme may be terminated at any time by the Committee or by resolution of the Company in general meeting subject to all relevant approvals which may be required and if the Scheme is so terminated, no further Options shall be offered by the Company thereunder.

17.3 The termination of the Scheme shall not affect Options which have been granted and accepted as provided in Rule 7.2, whether such Options have been exercised (whether fully or partially) or not.

18. Taxes

All taxes (including income tax) arising from the exercise of any Option granted to any Participant under the Scheme shall be borne by that Participant.

21. Disputes

Any disputes or differences of any nature arising hereunder shall be referred to the Committee and its decision shall be final and binding in all respects.

22. Condition of Option

The Group also acknowledges that it is important to preserve financial resources for future business developments and to withstand difficult times. As such, one of the Group's strategies is to contain the remuneration of its employees and executives which is a major component of the Group's operating costs.

- 5.2 Awards may only be vested and consequently any Shares comprised in such Awards shall only be delivered upon the Committee being satisfied that the Participant has achieved the Performance Targets.

6. Date of Grant

The Committee may grant Awards at any time during the financial year of the Company, provided that in the event that an announcement on any matter of an exceptional nature involving unpublished price sensitive information is imminent, Awards may only be vested and hence any Shares comprised in such Awards may only be delivered on or after the second Market Day from the date on which the aforesaid announcement is made.

7. Awards

- 7.1 Awards are personal to the Participant to whom it is given and shall not be transferred (other than to a Participant's personal representative on the death of that Participant), charged, assigned, pledged or otherwise disposed of, in whole or in part, unless with the prior approval of the Committee.

 - (c) in the event that the Committee shall, at its discretion, deem it appropriate that such Award to be given to a Participant shall so lapse on the grounds that any of the objectives of the Scheme (as set out in Rule 3) have not been met.

8.2 A Participant shall be entitled to the New Shares under an Award so long as he has met the Performance Targets notwithstanding that he may have ceased to be employed by the Company after the fulfillment of such Performance Targets. - (b) the date of expiry of the period for which the Performance Targets are to be fulfilled.

Provided that if during such period, the offeror becomes entitled or bound to exercise rights of compulsory acquisition under the provisions of the Companies Act and, being entitled to do so, gives notice to the Participants that it intends to exercise such rights on a specified date, the Participant shall be obliged to fulfil such Performance Target until the expiry of such specified date or the expiry date of the Performance Target relating thereto, whichever is earlier, before the New Shares can be released to him .

9.2 If under any applicable laws, the court sanctions a compromise or arrangement proposed for the purposes of, or in connection with, a scheme for the reconstruction of the Company or its amalgamation with another company or companies, each Participant who has fulfilled his Performance Target shall be entitled, notwithstanding Rule 9 but subject to Rule 9.5, to any New Shares under the Awards so determined by the Committee to be released to him during the period commencing on the date upon which the compromise or arrangement is sanctioned by the court and ending either on the expiry of sixty (60) days thereafter or the date upon which the compromise or arrangement becomes effective, whichever is later.

- 9.3 If an order is made for the winding-up of the Company on the basis of its insolvency, all Awards, notwithstanding that New Shares may have not been released to the Participants shall be deemed or become null and void.
- 9.4 In the event of a members' voluntary winding-up (other than for amalgamation or reconstruction), the New Shares under the Awards shall be released to the Participant for so long as, in the absolute determination by the Committee, the Participant has met the Performance Targets prior to the date that the members' voluntary winding-up shall be deemed to have been commenced or effective in law.
- 9.5 If in connection with the making of a general offer referred to in Rule 9.1 or the scheme referred to in Rule 9.2 or the winding-up referred to in Rule 9.4, arrangements are made (which are confirmed in writing by the Auditors, acting only as experts and not as arbitrators, to be fair and reasonable) for the compensation of Participants, whether by the payment of cash or by any other form of benefit, no Award shall be made in such circumstances.

10. Shares

- 10.1 Subject to such consents or other required action of any competent authority under any regulations or enactments for the time being in force as may be necessary and subject to the compliance with the terms of the Scheme and the Memorandum and Articles of Association of the Company, the Company shall, within ten (10) Market Days after the vesting of an Award, allot the relevant Shares and despatch to CDP the relevant share certificates by ordinary post or such other mode as the Committee may deem fit.

- 10.3 Shares which are the subject of an Award shall be issued in the name of CDP to the credit of the securities account of that Participant maintained with CDP, the securities sub-account maintained with a Depository Agent or the CPF investment account maintained with a CPF agent bank.

- (a) the nominal amount, class and/or number of Shares comprised in an Award; and/or
- (b) the nominal amount, class and/or number of Shares which may be granted under the Scheme,

shall be adjusted by the Committee to give each Participant the same proportion of the equity capital of the Company as that to which he was previously entitled and, in doing so, the Committee shall determine at its own discretion the manner in which such adjustment shall be made.

11.2 Unless the Committee considers an adjustment to be appropriate:-

- (a) the issue of securities as consideration for an acquisition or a private placement of securities; or
- (b) the cancellation of issued Shares purchased or acquired by the Company by way of a market purchase of such Shares undertaken by the Company on the SGX-ST during the period when a share purchase mandate granted by shareholders of the Company (including any renewal of such mandate) is in force,

shall not normally be regarded as a circumstance requiring adjustment.

11.3 Notwithstanding the provisions of Rule 11.1:-

- (a) no such adjustment shall be made if as a result, the Participant receives a benefit that a Shareholder does not receive; and
- (b) any determination by the Committee as to whether to make any adjustment and if so, the manner in which such adjustment should be made, must (except in relation to a capitalisation issue) be confirmed in writing by the Auditors (acting only as experts and not as arbitrators) to be in their opinion, fair and reasonable.

11.4 Any increase in the issued share capital of the Company as a consequence of the delivery of Shares pursuant to the vesting of Awards from time to time by the Company or through any other share-based incentive schemes implemented by the Company will also not be regarded as a circumstance requiring adjustment.

11.5 Upon any adjustment required to be made pursuant to this Rule 11, the Company shall notify the Participant (or his duly appointed personal representatives where applicable) in writing and deliver to him (or his duly appointed personal representatives where applicable) a statement setting forth the nominal value, class and/or number of Shares thereafter to be issued pursuant to the grant of an Award. Any adjustment shall take effect upon such written notification being given.

12. Administration of the Scheme
